Subject: Our economy depends on the river

I believe it is wrong for out-of-state regulators to tell Oregonians we should pay for an expensive cleanup.

The EPA proposal I've heard about may be good for the river and the fish. But I am not so sure it will be good for people, the people who depend on the river for their paychecks and to put food on the table. Please consider a cleanup that's good for the earth and our jobs.

As you consider all the options, please don't support a plan that costs a lot of money and will force small companies to spend a lot on the cleanup.

Sincerely,
